

REMARKS

This is an amendment under 37 CFR §1.312. The purpose of this amendment is to correct errors in the Notice of Allowance. Claims 16-35 are in this application. Claims 1-15 have been cancelled. Claim 30 has been amended.

Applicant amended the title to "Low-Cost Method of Forming a Color Imager" in the amendment filed on August 4, 2004. The Notice of Allowance does not reflect the correct title. As a result, applicant requests that the title of the invention be changed to reflect the correct title.

In a telephonic interview with the Examiner on September 10, 2004, applicant agreed to a number of changes to claim 30. In reviewing the Examiner's amendments made to claim 30, applicant found two changes which applicant did not authorize. Specifically, the Examiner amended line 11 of claim 30 to delete the phrase "spaced-apart." Applicant did not authorize this change and, as a result, requests that the phrase "spaced-apart" be reinserted as indicated in amended claim 30.

In addition, the Examiner amended line 12 to replace the phrase "that lie" with the phrase ", and the openings lying." Applicant did not authorize this change and, as a result, requests that the phrase ", and the openings lying" be replaced with the phrase ", the openings lying" as indicated in amended claim 30. of the claims reflects the Examiner's amendments to the claims, while currently amended claim 30 reflects the changes discussed above.)
